At 4:00 p.m. the Stutsman County Commission meeting was called to order by Chairman Klose. Roll call was answered by Douglas Kaiser, Craig Neys, Dennis Ova, Dale Marks, and Mark T. Klose

Jan Thompson, County Treasurer, presented the pledge of securities for County funds. Institutions, Total Deposits, and Securities Pledged are as follows: Bank Forward, \$3,268,000.00, \$4,430,000.00; First Community Credit Union, \$250,000.00, \$298,000.00; Northland Financial, \$90,000.00, \$100,000.00; Unison Bank, \$1,601,630.86, \$2,582,651.34; US Bank, \$1,365,815.73, \$3,294,391.45; Wells Fargo Bank NA, \$3,710,578.01, \$20,210,187.83. A motion to approve the pledge of securities was made by Kaiser and seconded by Ova. Roll call vote - Ova, Marks, Kaiser, Neys and Klose all voted aye.

Mrs. Thompson reviewed the interest revenues received for the past three years. Total interest received for all funds: 2006 - \$385,628; 2005 - \$261,294; and 2004 - \$117,264.

Steve Thompson, Interstate Engineering, presented the preliminary plans for the County Highway 38 reconstruction project. The preliminary plans were complete and had been submitted to ND Department of Transportation (NDDOT). The estimated cost for the first phase of the two year project was \$2,310,797. This amount did not include construction engineering costs or any utility relocation expense. Engineering costs were estimated at 12% to 14%. The project was scheduled for an April 10, 2007 bid letting.

Noel Johnson, County COO, reviewed a projection of federal and county construction funds that would be available for 2007 and 2008. A total of \$1.86 million in federal funds and \$1.97 million in county funds were projected for the two years. At a total project cost of \$3.9 million, the available funds would be \$70,000 short. The projected cost was low compared to the engineer's estimate and that projected cost did not include the engineering expenses. State law prohibits having a year-end negative fund balance.

Commissioner Klose indicated that the NDDOT had allowed counties to draw on future federal funds, but they wanted to discontinue that policy. If bids were higher than projections, the project may have to be extended from two years to three.

Commissioner Marks presented a written request to extend the CR 38 reconstruction project an additional 0.80 of a mile to the east of Ypsilanti to prevent traffic disruption. When originally paved in 1965, the project was for 8.783 miles, and when it was repaved in 1984, the project was 9 miles. He estimated that the additional cost in county funds would be \$30,000 after using the \$160,000 in excess federal funds that would not be used in 2007. Commission Marks made a motion that was seconded by Neys to add 0.80 mile to the project.

Steve Thompson indicated that the addition of 0.80 mile could be done but cultural resource and wetland studies could not be done until spring so the project could not be bid until November. Commissioner Kaiser questioned the cost estimate when the proposed 8 miles had an estimated cost of over \$500,000 per mile. Commissioner Klose indicated that the additional cost would push the project into 2009. Roll call vote on the motion - Marks - aye, Kaiser - nay, Neys - aye, Klose - nay, Ova - nay. Motion failed.

Mike Zimmerman, County Highway Superintendent, asked permission to advertise for gravel crushing bids. A motion was made by Kaiser and seconded by Ova to authorize advertising for gravel crushing bids. Motion carried.

Mr. Zimmerman indicated he was still looking for budgeted equipment - packer, water truck and sign truck.

Jim Fettig, Maintenance Supervisor, reviewed the 2007 plumbing and heating labor and parts bids. The bids were Arneson, Inc. at 45.00/hour/man and parts at cost + 20%; and Bob's Plumbing and heating at 52.00/hour/man and parts at cost + 10%. A motion was made by Ova and seconded by Neys to accept both bids with a preference for the low bidder. Motion carried.

Mr. Fettig reviewed the 2007 electric labor and parts bids. The bids were Curtis Electric Inc. at \$36.50/hour and parts at cost + 9%; and Scott's Electric LLC at \$40.00/hour and parts at cost + 10%. A motion was made by Neys and seconded by Marks to accept both bids with a preference for the low bidder. Motion carried.

A motion was made by Kaiser and seconded by Neys to approve the 2006 fund transfers. Roll call vote -Kaiser, Neys, Klose, Ova and Marks all voted aye.

Johnson reviewed the 2006 General Election expenses. Total expenses were \$23,833 or \$3.40 per vote.

Jerry Bergquist, Chairman of the Personnel Committee, reported on a committee meeting to address a concern from a Correction's Officer over the policy used to give a one-grade raise to the Correction Officers. The committee followed the same procedure that was used when the new plan was implemented a few years ago. The committee continued to recommend reviewing all county departments relative to the local job market and to make no further adjustments until after a review by the County's wage consultant.

Johnson requested authorization to advertise for Requests for Proposals (RFP) to replace the control panel at the Law Enforcement Center (LEC). The estimated cost of the project would require bidding the project. An engineer could oversee the project and develop bid specifications. Neys made a motion that was seconded by Kaiser to advertise for RFP's for engineering services for a security automation system upgrade at the LEC. Motion carried.

Johnson requested authorization to develop policies and procedures so the Commission could consider any future requests made to the County for sponsoring issuance of tax-exempt Municipal Industrial Development Act (MIDA) bonds. Two of the parties involved in the Spiritwood Energy Park had contacted Johnson about the possibility of the County sponsoring tax exempt bonds for the solid waste portions of the proposed project. Other counties and many cities provide this service for economic development. A motion was made by Ova and seconded by Marks for Johnson to develop policies and procedures to handle requests for the county sponsoring MIDA bonds. Motion carried.

A motion was made by Marks and seconded by Neys to pay \$45.00 in taxable meals, to pay the mid-month bills and to concur with the payment of \$100.00 to P.O.S.T. from fund 10-116-6325 for a peace officer's license. Roll call vote - Neys, Klose, Ova, Marks and Kaiser all voted aye.
