Karl Bergh, Park Superintendent presented his monthly report. They are back to a full staff. They have been removing fence from Lakeside Marina. The dredge material from the island project has been moved. They will be removing trees, replacing fence, and spraying weeds this fall.

Bergh also discussed issues and complaints regarding Parkhurst campground. More picnic tables have been requested. Bergh can move extra tables from Joos Grove during the summer. Complaints of noise and fireworks were also made. Commissioner Schwartz suggested since it is federal property, the Corps of Engineers should be responsible for policing the fireworks. More signs could be placed in the campground.

Dave Schwartz discussed the Park Superintendent position. Karl Bergh was originally appointed as an interim position. He is willing to take the position permanently on a seasonal basis. Karl would like to work until January 1 to work on grants, and begin again in the middle of March. Schwartz made a motion to appoint Karl Bergh as permanent Park Superintendent as of September 1st, seconded by Neys. Motion carried.

Alonge discussed a Bureau of Reclamation cooperative agreement. This agreement was originally for the grant for the Pelican Point expansion project. The Bureau has said that it would be easiest to amend the agreement to include the island dredging and Lakeside Marina expansion. There is now \$207,000 of funding.

There was discussion on the Lakeside Marina Campground contract. The contract is expiring soon, and the campground committee has been exploring options for the campground. Under the current agreement, the county is covering expenses and losing money. They have discussed the county operating and expanding the campground with online reservations and payment. The Marina building could still be rented out if there is interest.
