Eunice Sahr, County Agent, requested extra hours for an employee to help cover the office due to an employee's illness. Neys made a motion seconded by Marks to increase Deb Hatlewick's hours on a week by week basis as needed. Roll call vote – Neys, Klose, Ova, Marks and Kaiser voted aye.

Fritz Fremgen, State's Attorney, gave his monthly report. An Attorney General's Opinion had been requested on whether or not our Home Rule Charter could stretch to non-home rule charter counties through a joint powers agreement (RE - overweight ordinance). Meetings were scheduled to review the overweight ordinance that was drafted a few years ago.

Mike Zimmerman, County Highway Superintendent, gave his monthly report. Five people were working on FEMA Project Worksheets (PW's). There were 244 sites in 2007 compared to over 1,300 sites this year. All County ER (Emergency Relief) projects would be bid for completion in 2010. The graveling crew would not have time to gravel any townships north of Interstate I-94 this fall.

Zimmerman presented a priority list of paved roads for possible recycling. The list was based on the matrix system, historical patching expense, safety and potential liability. Tony Roorda questioned whether or not the matrix system had been updated the past 3 years, whether or not consideration was given for probable additional traffic to the Spiritwood Energy Park, and cost factors for maintaining the gravel roads after recycling. Don Readel expressed concerns over recycling machine costs. Commissioner Marks commented on the prohibitive costs to upgrade all the County's paved roads. Johnson explained how special assessment districts are created - boundaries are established, costs projected and the cost to each individual (benefit) within the project, hearing on assessment district – if too many are against the project then it is killed.

Zimmerman reported that Gavilon Grain LLC d/b/a Peavey Company was going to abandon the new approach and they would be widening the existing approach at the top of the hill.

Judy Graves disagreed with Zimmerman's patching costs. She indicated that the numbers were exaggerated by 25% and the numbers were not accurate. Patching costs should not be the only criteria. The county should use proper criteria (traffic counts, distance to closest parallel, safety, location, maintenance costs, etc.) for prioritizing roads. The County should establish a road board with public

representation to assist with developing a 5 year road plan. A recycling machine should not be purchased without a 5 year plan.

Shirley Krapp, Spiritwood Lake City Auditor, requested reinstalling a fish control system on the culvert drainage system for the lake located under County Highway 63. The City and the cabin owners association would maintain the fish screens that would be installed by the ND Game & Fish Department through the "Save Our Lakes" program. The Commission requested a written agreement to clarify the installation and maintenance issues to avert any possible blame or liability for potentially raising the level of the lake.

Ray Greenwood, Homer Township Supervisor, requested a loan from the County to assist with paying a FEMA related bill until reimbursement from FEMA was received by the township. Marks made a motion seconded by Ova to approve a loan of \$31,000 at 5% annual interest from the General Fund Sub-account. Roll call vote – Klose, Ova, Marks, Kaiser and Neys voted aye.

At 6:18 p.m. the County Commission meeting was recessed for the County Park Board meeting.
